

Insurance coverage shall include **health insurance, liability insurance** and **accident insurance** for the full period of study at the Receiving Institution.

[Explanation: In the case of intra-European mobility, the participant's national health insurance will include a basic coverage during their stay in another EU country through the European Health Insurance Card. However, this coverage may not be sufficient for all situations, for example in case of repatriation or special medical intervention or in case of international mobility. In that case, a complementary private health insurance may be needed. Liability and accident insurances cover damages caused by the participant or to the participant during their stay abroad. Varying regulation of these insurances is in place in different countries and participants run the risk of not being covered by standard schemes, for example if they are not considered to be employees or formally enrolled at their receiving organisation. In addition to the above, insurance against loss or theft of documents, travel tickets and luggage is recommended.]

The responsible party for taking the insurance coverage is the **participant**.
